Re: Walter's Automotive Group – Incident Notification

Dear Mr. Formella:

McDonald Hopkins PLC represents Walter's Automotive Group ("WAG"). I am writing to provide notification of an incident that may affect the security of personal information of one (1) New Hampshire resident. This incident impacted residents from two of WAG's locations, specifically, Audi Ontario and Porsche Ontario. WAG's investigation is ongoing, and this notification will be supplemented with any new or significant facts or findings subsequent to this submission, if any. By providing this notice, WAG does not waive any rights or defenses regarding the applicability of New Hampshire law or personal jurisdiction.

On June 16, 2021, WAG detected potential unauthorized access to its network. Upon learning of this issue, WAG contained and secured the threat, commenced a prompt and thorough investigation, and notified law enforcement. WAG immediately launched an investigation in consultation with outside cybersecurity professionals to help determine whether any sensitive data had been compromised because of the incident. WAG's investigation determined that the unauthorized individual(s) potentially removed certain files and folders from portions of its network between June 9, 2021 and June 16, 2021. On July 12, 2021, it was confirmed that data was taken when WAG learned that this data was posted on the dark web. On August 4, 2021, following an extensive review and analysis of the data at issue, WAG determined that certain files and folders potentially removed from its network contained the residents' full name and one (1) or more of the following: Social Security number and driver's license number.

At the time of this notification, WAG is not aware of any reports of identity theft or fraud arising out of this incident. Nevertheless, out of an abundance of caution, WAG wanted to inform you (and the affected residents) of the incident and to explain the steps that it is taking to help safeguard the affected residents against identity fraud. WAG is providing the affected residents with written notification of this incident commencing on or about August 19, 2021 in substantially the same form as the letter attached hereto. If a Social Security number was impacted, WAG is offering the affected residents complimentary one-year membership with a

credit monitoring service. WAG will advise the affected residents to always remain vigilant in reviewing financial account statements for fraudulent or irregular activity on a regular basis. WAG will advise the affected residents about the process for placing a fraud alert and/or security freeze on their credit files and obtaining free credit reports. The affected residents are also being provided with the contact information for the consumer reporting agencies and the Federal Trade Commission.

At WAG, protecting the privacy of personal information is a top priority. WAG is committed to maintaining the privacy of personal information in its possession and has taken many precautions to safeguard it. WAG continually evaluates and modifies its practices to enhance the security and privacy of the personal information it maintains.

Should you have any questions regarding this notification, please contact me at (248) 220-1354 or jgiszczak@mcdonaldhopkins.com. Thank you for your cooperation.

Sincerely,

A handwritten signature in blue ink, appearing to read "James J. Giszczak".

2. Placing a Fraud Alert on Your Credit File.

Whether or not you choose to use the complimentary 12-month credit monitoring services, we recommend that you place an initial one-year "Fraud Alert" on your credit files, at no charge. A fraud alert tells creditors to contact you personally before they open any new accounts. To place a fraud alert, call any one of the three major credit bureaus at the numbers listed below. As soon as one credit bureau confirms your fraud alert, they will notify the others.

3. Consider Placing a Security Freeze on Your Credit File.

If you are very concerned about becoming a victim of fraud or identity theft, you may request a "Security Freeze" be placed on your credit file, at no charge. A security freeze prohibits, with certain specific exceptions, the consumer reporting agencies from releasing your credit report or any information from it without your express authorization. You may place a security freeze on your credit report by contacting all three nationwide credit reporting companies at the numbers below and following the stated directions or by sending a request in writing, by mail, to all three credit reporting companies:

Equifax Security Freeze

P.O. Box 105788
Atlanta, GA 30348
<https://www.equifax.com/personal/credit-report-services/credit-freeze/>
1-800-349-9960

TransUnion Security Freeze

P.O. Box 2000
Chester, PA 19016
<http://www.transunion.com/securityfreeze>
1-888-909-8872

In order to place the security freeze, you'll need to supply your name, address, date of birth, Social Security number and other personal information. After receiving your freeze request, each credit reporting company will send you a confirmation letter containing a unique PIN (personal identification number) or password. Keep the PIN or password in a safe place. You will need it if you choose to lift the freeze.

If your personal information has been used to file a false tax return, to open an account or to attempt to open an account in your name or to commit fraud or other crimes against you, you may file a police report in the City in which you currently reside.

If you do place a security freeze *prior* to enrolling in the credit monitoring service as described above, you will need to remove the freeze in order to sign up for the credit monitoring service. After you sign up for the credit monitoring service, you may refreeze your credit file.

4. Obtaining a Free Credit Report.

Under federal law, you are entitled to one free credit report every 12 months from each of the above three major nationwide credit reporting companies. Call 1-877-322-8228 or request your free credit reports online at www.annualcreditreport.com. Once you receive your credit reports, review them for discrepancies. Identify any accounts you did not open or inquiries from creditors that you did not authorize. Verify all information is correct. If you have questions or notice incorrect information, contact the credit reporting company.

5. Additional Helpful Resources.

Even if you do not find any suspicious activity on your initial credit reports, the Federal Trade Commission (FTC) recommends that you check your credit reports periodically. Checking your credit report periodically can help you spot problems and address them quickly.

If you find suspicious activity on your credit reports or have reason to believe your information is being misused, call your local law enforcement agency and file a police report. Be sure to obtain a copy of the police report, as many creditors will want the information it contains to absolve you of the fraudulent debts. You may also file a complaint with the FTC by contacting them on the web at www.ftc.gov/idtheft, by phone at 1-877-IDTHEFT (1-877-438-4338), or by mail at Federal Trade Commission, Consumer Response Center, 600 Pennsylvania Avenue, NW, Washington, DC 20580. Your complaint will be added to the FTC's Identity Theft Data Clearinghouse, where it will be accessible to law enforcement for their investigations. In addition, you may obtain information from the FTC about fraud alerts and security freezes.

If this notice letter states that your financial account information and/or credit or debit card information was impacted, we recommend that you contact your financial institution to inquire about steps to take to protect your account, including whether you should close your account or obtain a new account number.
