Re: Incident Notification

Dear Attorney General Foster:

We are writing on behalf of our client, Washington State University, to supplement our June 9, 2017 notification of a security incident involving New Hampshire residents. The investigation is now complete. Washington State University provided written notification by U.S. Mail to a total of 521 New Hampshire residents in accordance with N.H. Rev. Stat. Ann. § 359-C:20 in substantially the same form as the letters enclosed with our June 9, 2017 letter to your office.

Washington State University is offering the potentially affected individuals a free one-year membership in credit monitoring and identity theft protection services from Experian. The university has also provided a telephone number for affected individuals to call with any questions they may have. Notice was provided to the individuals as soon as possible and without unreasonable delay.

Please do not hesitate to contact me if you have any questions regarding this matter.

Sincerely,

Randal L. Gainer
