*Re: Incident Notification*

Dear Assistant Attorney General Delaney:

On November 14, 2012, our client, Western University of Health Sciences (“WesternU”), learned that BanWeb Self-Service Federal Work Study reports were potentially accessible to BanWeb users with a WesternU ID and password. BanWeb is a secure online tool used to manage student information. Upon receipt of this information, WesternU disabled access to the reports and began an investigation to determine the type of information involved and whether the information was viewed or accessed by others. WesternU’s investigation concluded that the information potentially accessible included names, Social Security numbers, and in some instances direct deposit bank account information (e.g., account numbers, routing numbers, and financial institutions). After conducting a thorough investigation, WesternU has no reason to believe that the information has been viewed or accessed.

Out of an abundance of caution, WesternU is notifying affected individuals and offering those eligible a complimentary one-year membership of Experian’s® ProtectMyID® Alert credit monitoring and identity theft protection services. WesternU is also providing call center support for those affected.

WesternU has taken steps to prevent this from happening again, including changing the security settings on all financial aid reports on BanWeb, reviewing the reports to determine whether they can be removed from BanWeb, and evaluating whether additional safeguards should be implemented.

We are notifying approximately 1 New Hampshire resident pursuant to New Hampshire law. Notification is being sent to that resident in substantially the form attached hereto, with mailing commencing on December 18, 2012.

Sincerely,

A handwritten signature in black ink, appearing to read "Theodore J. Kobus III". The signature is written in a cursive style with a large, stylized initial 'T'.
