RE: *Gregory F. Wilt, CPA*
Our File No. 04169.00166

Dear Attorney General Foster:

Pursuant to N.H. Rev. Stat. Ann. § 359-C:20(I)(b), we are writing to notify you of a data security incident involving 4 New Hampshire residents that occurred at the offices of Gregory F. Wilt, CPA, Mario Bottoni CPA, Advanced Financial Services, Inc., and Accu-Pay Payroll and Bookkeeping Services, Inc. (collectively "the firms").

Nature Of The Security Breach

The firms provide financial services from their offices located in Manlius, New York. Beginning on or about July 11, 2017, the firms were notified of several unauthorized attempts to withdraw funds from certain of their clients' investment accounts and fraudulent attempts to open credit in clients' names. None of these attempts have been successful to date. Upon learning of these attempts, the firms immediately commenced an internal investigation and retained an independent computer forensic firm to conduct a thorough investigation of the firms' computer systems. On or about August 21, 2017, the forensic investigators found evidence of brief unauthorized access to one computer system that occurred on May 1 and 2, 2017. Therefore, the firms determined that an unknown third party may have accessed some of the firms' clients' personal information, including first and last names, home addresses, social security numbers, tax return information, and financial account numbers.

The residents involved in this incident were forwarded letters notifying them of this incident on August 29, 2017. A copy of the form letter is attached hereto.

Steps Taken Relating To The Incident

Upon learning of the cyber-attack, the firms took steps to address this incident promptly after it was discovered, including undertaking an internal investigation of the matter. The firms contacted the FBI, and the IRS and they are investigating. The firms corrected the vulnerability in their system. They are also in the process of reviewing their internal policies and data management protocols and have implemented enhanced security measures to help prevent this type of incident from recurring in the future.

The firms have also arranged to have Equifax protect the affected individuals' identity for one year at no cost to them through its Credit Watch TM Gold credit monitoring and identity theft protection service. This service offers additional layers of protection including credit monitoring and a \$25,000 identity theft insurance policy.

Should you need additional information regarding this matter, please contact me.

Very truly yours,

DAVID J. SHANNON

When you receive your credit reports, review them carefully. Look for accounts or creditor inquiries that you did not initiate or do not recognize. Look for information, such as home address and Social Security number, that is not accurate. If you see anything you do not understand, call the credit reporting agency at the telephone number on the report.

We recommend you remain vigilant with respect to reviewing your account statements and credit reports, and promptly report any suspicious activity or suspected identity theft to the proper law enforcement authorities, including local law enforcement, your state's attorney general and/or the Federal Trade Commission ("FTC"). You may contact the FTC or your state's regulatory authority to obtain additional information about avoiding identity theft.

Fraud Alerts: There are also two types of fraud alerts that you can place on your credit report to put your creditors on notice that you may be a victim of fraud: an initial alert and an extended alert. You may ask that an initial fraud alert be placed on your credit report if you suspect you have been, or are about to be, a victim of identity theft. An initial fraud alert stays on your credit report for at least 90 days. You may have an extended alert placed on your credit report if you have already been a victim of identity theft with the appropriate documentary proof. An extended fraud alert stays on your credit report for 7 years. You can place a fraud alert on your credit report by calling the toll-free fraud number of any of the three national credit reporting agencies listed below.

Experian: 1-888-397-3742, www.experian.com
TransUnion: 1-800-680-7289, fraud.transunion.com

Credit Freezes: You may have the right to put a credit freeze, also known as a security freeze, on your credit file, so that no new credit can be opened in your name without the use of a PIN number that is issued to you when you initiate a freeze. A credit freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. In addition, you may incur fees to place, lift and/or remove a credit freeze. Credit freeze laws vary from state to state. The cost of placing, temporarily lifting, and removing a credit freeze also varies by state, generally \$5 to \$20 per action at each credit reporting company. *Unlike a fraud alert, you must separately place a credit freeze on your credit file at each credit reporting company.* Since the instructions for how to establish a credit freeze differ from state to state, please contact the three major credit reporting companies as specified below to find out more information:

Equifax: P.O. Box 105788, Atlanta, GA 30348, www.equifax.com
Experian: P.O. Box 9554, Allen, TX 75013, www.experian.com
TransUnion LLC: P.O. Box 2000, Chester, PA, 19022-2000, freeze.transunion.com

You can obtain more information about fraud alerts and credit freezes by contacting the FTC or one of the national credit reporting agencies listed above.
