New Hampshire Department of Justice
Office of Attorney General Joseph Foster
33 Capitol Street
Concord, NH 03301

Dear Attorney General Foster:

On March 4, 2016, York Hospital, through its counsel, pursuant to N.H. Rev. Stat. § 359-C:20, notified your office of a security breach of personal information that occurred on February 22, 2016. I have enclosed a copy of this March 4, 2016 notification for your reference.

Our office recently discovered that the notification inadvertently omitted certain relevant information as it relates to New Hampshire residents. Namely, that (1) the security breach of personal information involved approximately 235 New Hampshire residents, and (2) on February 24, 2016, York Hospital sent notice of this security breach to its employees pursuant to N.H. Rev. Stat. § 359-C:20, and again on February 25, 2016 by regular mail.

Thank you for your prompt attention to this matter.

Sincerely,

Stephen B. Segal

March 4, 2016

New Hampshire Department of Justice
Office of Attorney General Joseph Foster
33 Capitol Street
Concord, NH 03301

Dear Attorney General Foster:

Pursuant to Maine law, 10 M.R.S. § 1348, I am writing to notify you of a security breach of personal information involving approximately 1,211 Maine residents. In addition, this security breach of personal information involved some residents of Florida, Massachusetts and New Hampshire.

NATURE OF THE SECURITY BREACH

On February 22, 2016, cybercriminals fraudulently stole personal identification information of York Hospital employees, including names, social security numbers, addresses, and 2015 W-2 wages and financial information. The personal information that was the subject of this incident was in electronic form. There has been no compromise of patient or personal health data or information.

NUMBER OF MAINE RESIDENTS AFFECTED

Personal information of approximately 1,211 Maine residents was fraudulently obtained as a result of this security breach. On February 24, 2016, York Hospital sent notice of this security breach to its employees by email pursuant to 10 M.R.S. § 1348, and again on February 25, 2016 by regular mail. Notice was also sent by email and regular mail to residents of Florida, Massachusetts and New Hampshire. Copies of the notices sent by email and regular mail are enclosed.

STEPS YORK HOSPITAL HAS TAKEN OR PLANS TO TAKE RELATING TO THE INCIDENT

York Hospital immediately reported the theft to local law enforcement police and is continuing to work with the FBI investigation that is underway. York Hospital also engaged private computer forensic experts to investigate the incident.

York Hospital has also engaged legal counsel from the law firm of Verrill Dana in Portland, Maine to advise on steps York Hospital and its employees can take to protect themselves from the misuse of the personal identity information that has been stolen. York Hospital has also agreed to pay for appropriate credit protection services such as a credit freeze, credit monitoring, credit fraud alerts, and provide advice on protecting against tax fraud. York Hospital also continues to answer employee inquiries as they arise, with the counsel of its attorneys. In addition, York Hospital has engaged IT specialists and the law firm of Verrill Dana to develop and implement new safeguards in its information technology and information security systems in an effort to prevent a similar security breach from occurring again.

At this time, York Hospital does not have any evidence that the personal information that was fraudulently obtained has been used for fraudulent purposes.

CONTACT INFORMATION

The telephone number for York Hospital is (877) 363-4321.

If you have any questions or require further information, please feel free to contact me at (207) 253-4700 or tnewman@verrilldana.com. Thank you.

Sincerely,
