Subject: Imperative Right to Know Information Request 91A
Date: Thursday, June 3, 2021 1:32:17 PM

EXTERNAL: Do not open attachments or click on links unless you recognize and trust the sender.

Hello New Hampshire,

Pursuant to the Right to Know Law (RSA. 91-A), I am requesting public access, within 5 business days (on or before June 10, 2021), to the governmental records reasonably described
as follows:

1. I request a detailed timeline of exactly any and all involvement of Harri Hursti and/or Nordic Innovation Labs regarding New Hampshire's accuvote machines. Please also send all email or text message communications between the secretary of State's office and the AG's office involved with Harri Hursti and/or . Please send a thorough detailed timeline of any involvement of Mr. Hursti and our accuvote machines. I am requesting information dated 2010 through 2021.

2. In 2016, James O'Keefe was served a subpoena from Richard (Dick) Tracy. Pursuant to article 91A, I request any and all the information James O'Keefe supplied to the NH's AG office as well as the NH Secretary of State's office for this subpoena.

3. I request any and all invoices paid to LHS paid by the State of NH.

4. In 2010 all NH machines received a "firmware update." Please send any and all information pertaining to this update. Also who actually did the updates. Who performed the updates?

5. There are five towns whose town clerks state either the SOS has their machine tapes from the 2020 election or they are locked in their ballot boxes. Bud Fitch sent me an email last week basically stating I would have to go through the court process to receive this public information. Does it sound logical knowing a judge would obviously grant me access to this PUBLIC INFORMATION that I need to spend my own money on obtaining a lawyer? I'm hoping we can receive this information lawfully without wasting hard earned tax paying money. The five towns are as follows:
   A. Hollis
   B. New Ipswich
   C. Rindge
   D. Westmoreland
   E. Wilton

6. According to Harri Hursti the reason why he is not being supervised while continuing the audit is due to copyright infringements? Please provide who released those copyrights to Harri and what the process is for us to receive released copy rights as well. Who has the exclusive access to these copyrights?

7. I request any non-disclosure agreements between Harri Hurst and or Nordic Innovation labs and the State of New Hampshire and its affiliates and Diebold Premier.

8. A copy of the “exact electronic record of the data written to each memory card” used in Windham for the November 3, 2020 election per RSA 656:42 VIII. (a) -

   Before each election, the vendor for any electronic ballot counting device shall provide the secretary of state with an exact electronic record of the data written to each memory card to be used in the election.

Per RSA 91-A:4 IV(c) If you deny any portion of this request, please cite the specific exemption used
to justify the denial to make each record, or part thereof, available for inspection along with a brief explanation of how the exemption applies to the information withheld.

Pursuant to RSA 91.1; these records are being requested to be received within 5 business days (on or before June 10, 2021) to be made available for inspection. You may send the records by electronic mail to me at [email protected]. Thank you for your lawful attention to this matter.

Sincerely,

Marylyn Todd
New Hampshire Resident

Per RSA 91-A, governmental records means “any information created, accepted, or obtained by, or on behalf of, any public body, or a quorum or majority thereof, or any public agency in furtherance of its official function. Without limiting the foregoing, the term “governmental records” includes any written communication or other information, whether in paper, electronic, or other physical form, received by a quorum or majority of a public body in furtherance of its official function, whether at a meeting or outside a meeting of the body. The term “governmental records” shall also include the term “public records.”"
