

[REDACTED]

I know that calling [REDACTED] or visiting [REDACTED] would be a better way to contact you if you don't take action. Don't even try to hide from this. You've no idea what I'm capable of in [REDACTED]

I suggest you read this message carefully. Take a minute to relax, breathe, and really dig into it. 'Cause we're about to discuss a deal between you and me, and I ain't playing games. You don't know me but I know ALOT about you and right now, you are wondering how, right?

Well, you've been treading on thin ice with your browsing habits, clicking through those girlie videos and clicking on links, stumbling upon some not-so-safe sites. I placed a Malware on a porn website and you visited it to watch (you get my drift). And when you got busy watching our videos, your smartphone started operating as a RDP (Remote Device) which allowed me total access to your system. I can peep at everything on your screen, switch on your camera and mic, and you wouldn't even suspect a thing. Oh, and I have got access to all your emails, contacts, and social media accounts too.

Been keeping tabs on your pathetic existence for a while now. It's simply your bad luck that I accessed your misadventures. I gave in more time than I should've exploring into your personal life. Extracted quite a bit of juicy info from your system. and I've seen it all. Yeah, Yeah, I've got footage of you doing filthy things in your house (nice setup, by the way). I then developed videos and screenshots where on one side of the screen, there's whatever garbage you were enjoying, and on the other half, it is your vacant face. With just a single click, I can send this filth to all of your contacts.

I see you are getting anxious, but let's get real. Frankly, I want to wipe the slate clean, and allow you to continue with your daily life and forget you ever existed. I will provide you two alternatives. Option 1 is to disregard my e mail. You should know what is going to happen if you choose this path. Your video will get sent to all your contacts. The video is lit, and I can't even fathom the humiliation you'll face when your colleagues, friends, and fam watch it. But hey, that's life, ain't it? Don't be playing the victim here.

Second wise option is to pay me, and be confidential about it. We'll call it my "privacy fee". Now Lets discuss what will happen if you pick this choice. Your dirty secret will remain private. I will wipe everything clean once you come through with the payment. You'll transfer the payment via Bitcoins only. I want you to know I'm aiming for a win-win here. I honor my obligations.

Amount to be paid: \$1950

My Bitcoin Address: [REDACTED]

Once you pay up, you'll sleep like a baby. I keep my word.

Note: You now have one day to sort this out and I will only accept Bitcoin. I've a unique pixel in this mail, and now I've been notified that you've read through this message. This email and Bitcoin address are custom-made for you, untraceable. If you are unfamiliar with Bitcoin, google it. You can buy it online or through a Bitcoin ATM in your neighborhood. There's no point in replying to this email or negotiating, it's pointless my price is fixed. As soon as you send the complete payment, my system will inform me and I will wipe out all the dirt I got on you. Remember if I catch that you've

shared or discussed this email with someone else, your [REDACTED] video will instantly start getting sent to your contacts and I will post a physical tape to all of your neighborhood next week. And don't even think about turning off your phone or resetting it to factory settings. It's pointless. I don't make mistakes, [REDACTED]

Hopefully I won't have to visit you here:

Honestly, those online tips about covering your camera aren't as useless as they seem. Now, I am waiting for my payment..
